

welcome to my site

Hi, I'm Neath

I'm experienced in **Java**, **Python** and, I'm currently learning **C++**

also somewhat experienced in **Ruby**.

While I have experience in **coding**, I also have experience in:

3D Modeling

Designing - - mainly architecture wise

and plan to put them to use in the future with internships - - I have been learning code since 2021 with the help of [LeetCode](#).

I am currently not taking commissions, so my contact button is not here.

However, my discord is neath6067 for inquiries. :)
